PROPOSED OPERATIONS

INFO. ACTION INIT.

Warm Springs A.M.

PLEASE NOTE THAT THE PROPOSED AREA OF DISTURBANCE

Warm Springs A.M.

IS ONLY A SMALL PORTION OF THE CLAIM. THE TOTAL AREA OF

House Range A.M.

THE SURFACE DISTURBANCE IS LESS THAN FOUR SQUARE ACRES,

WITH THIS IN MIND YOU CAN SEE ON THE ENCLOSED MAP

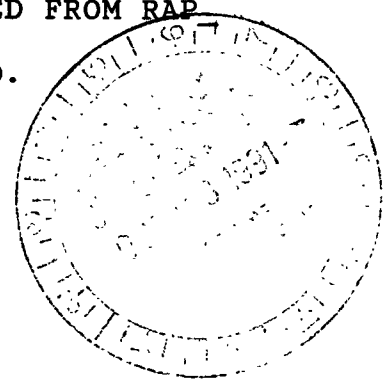

Operations Division

THAT I HAVE HILITED, IN ^{Yellow} ~~red~~, THE AREA OF OPERATIONS. ~~WITHIN~~

THIS AREA WE FIRST NEED TO UNCOVER A CAVE ENTRANCE THAT
WE BELIEVE TO BE BURIED.

NOW WITH THE AID OF A FRONT END LOADER, THE CLAIMANTS
INTEND TO EXCAVATE A TRENCH APPROX. 75 TO 100 FT. WIDE
50 TO 60 FT. LONG, AND SURFACE LEVEL TAPERING DOWN TO
15 FT. DEEP ENDING AT THE CAVE . THIS TRENCH WILL ACT AS
A PARTIAL WORK ACESS AREA TO AND FROM THE CAVE. THIS
WILL ENABLE US TO MORE EASILY MOVE HAND TOOLS AS WELL AS
SMALL POWER TOOLS TO AND FROM THE TUNNEL AS WE BEGIN
WORK INSIDE THE CAVE.

AS WE BEGIN TO EXCAVATE THIS AREA, WE WILL MAKE NOTE
OF ALL THE DIFFERENT PLANTS AND SURROUNDINGS. THIS WE
FEEL WILL BE NECESSARY SO THAT WE WILL BE ABLE TO RECLAIM
THE LAND AT THE CONCLUSION OF OUR ACTIVITIES AS FAR AS
IS BOTH REASONABLE AND POSSIBLE. WE BELIEVE THAT THESE STEPS
WILL HELP TO ENSURE THE AREA WILL BE PROTECTED FROM RAP
ID ERROSION AND UNDUE DEGRADATION OF THE LAND.

2

PROPOSED OPERATIONS

(continued)

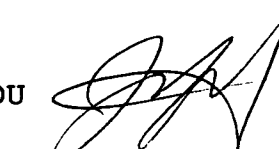

NOW AS WE BEGIN EXCAVATION IN THE AREA OUTLINED WE WILL USE A SMALL PORTION OF THE LAND FOR THE PURPOSE OF STORING THE EARTH REMOVED FROM THE TRENCH AREA THAT WILL LATER BE USED TO BACKFILL THE TRENCH AT THE CONCLUSION OF OPERATIONS. PLEASE NOTE THAT WHILE THE EARTH IS LOOSE WE PLAN TO UTILIZE SOME LARGE TARPS TO PREVENT THE EARTH IN QUESTION TO BE BLOWN BY HIGH WINDS THAT ARE COMMON IN THE AREA.

PLEASE NOTE THAT THE CLAIMANTS PLAN TO BRING CHEMICAL TOILETS WITH THEM TO THE SITE SO AS TO NOT FOUL THE LAND WITH HUMAN WASTE. THESE RECEPTACLES WILL BE BROUGHT BACK TO TOWN TO PROPERLY DISPOSE OF THERE CONTENTS.

AS WE CONCLUDE OPERATIONS THE EARTH THAT HAS BEEN SET ASIDE PRIOR, WILL THEN BE USED TO BACKFILL THE TUNNEL AND TRENCH SO AS NOT TO LEAVE A POTENTIAL HAZARD FOR LIVESTOCK AS WELL AS OTHER PEOPLE TO HARM THEMSELVE ON. WE ASLO AT THE END OF OPERATIONS PLAN TO PLANT SOME VEGAT-ION TO MINIMIZE THE EFFECTS OF THE OPERATIONS ON THE ENVIRONMENT (I.E. ERROSION DUE TO LOOSE EARTH WITH NO VEGATION)

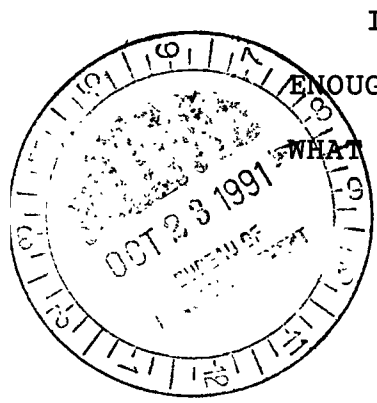

I HOPE WE HAVE BEEN BOTH DESCRIPTIVE AND INFORMATIVE ENOUGH FOR YOUR NEEDS; IF NOT PLEASE INFORM US AS TO WHAT ELSE IS NECESSARY TO GAIN APPROVAL.

THANK YOU

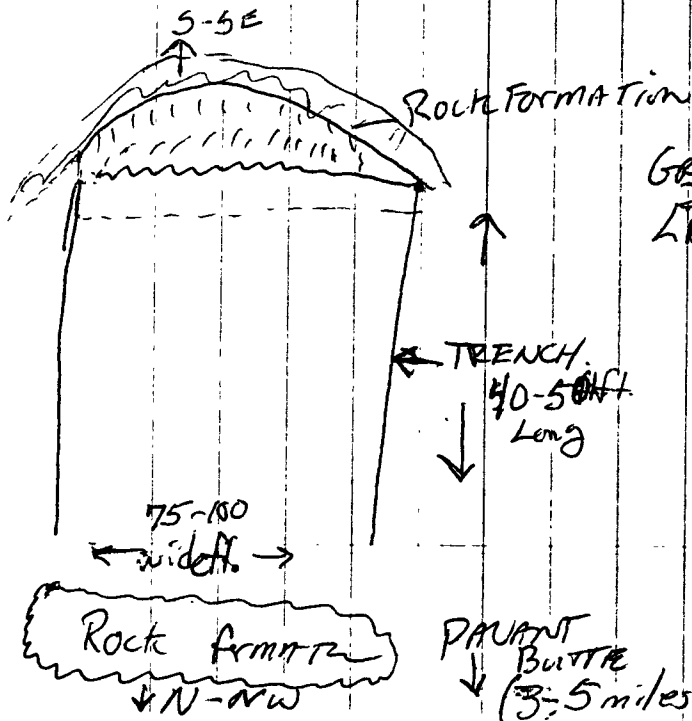

JEFF JOHNSON
